MINISTRY OF AGRICULTURE

Weather Brief for Monday, 28 July 2025 from the Hydrometeorological Service, Guyana.

Rainfall records for the past 24 hours, measured at 08:00hrs Monday, 28 July 2025 were available for most of the stations.
Onderneeming in Region 2 recorded the highest rainfall of 27.5 mm

Synopsis: Weak low-level trough driven by confluenting and shallow moisture produces weak to mild instabilities across northern Guyana. Subsidence and moderate southeasterly winds enable cloud suppression over southern Guyana.

Today's weather review: Cloudy skies with scattered showers were observed over northern Guyana. Sunny skies were observed elsewhere.

Tonight (July 28, 2025)	Tomorrow Morning (July 29, 2025)		Tomorrow Afternoon (July 29, 2025)
<div> <div>-----</div> <div>-----</div> </div>	<div> <div>Low Tide 00:43 hr, Height 0.79 m</div> <div>High Tide 06:33 hrs, Height 2.87 m</div> </div>		<div>Low Tide 12:50 hrs, Height 0.81 m</div>
Sunrise:	05:45 hrs	Sunset:	18:10 hrs

SPRING TIDE ADVISORY: Persons are reminded that the Spring Tide advisory will remain effective until Tuesday, July 29, 2025. Spring tides coupled with high waves may lead to overtopping of the river and sea defence vulnerable areas. All necessary precautions should be taken.

Sea conditions:

Moderate in open waters with easterly waves reaching 1.0 to 2.0 meters (4 to 6 ft) and steady.

- These waves will likely have periods of 5 and 8 seconds.
- Moderate Easterly breeze.

Extended Forecast

Wednesday: Cloudy skies with frequent moderate to heavy showers and thundershowers. Rainfall is anticipated between 30 and 60 mm.

Thursday: Cloudy skies with intermittent to frequent showers. Isolated thundershowers can be expected mostly during the morning. Rainfall is anticipated between 20 and 40 mm.

Friday: Partly cloudy and sunny skies during the morning. From mid-afternoon into evening, thundershowers and rain can be expected. **Rainfall is anticipated between 30 and 50 mm.**

Saturday: early morning, occasional showers and isolated thundershowers can be expected over coastal areas. all other areas will see mostly fair and sunny skies with a few cloudy spells. Rainfall is anticipated between 10 and 20 mm.

Sunday: Sunshine and clouds with a few passing showers. No significant rainfall is likely.
