SPRING TIDE ADVISORY: *It is in effect.*
SEA CONDITIONS: Long-period and high-energy waves, coupled with spring tides, will likely result in overtopping and damage to river and sea defenses in vulnerable areas. Persons residing in riverine and low-lying areas are asked to be alert and exercise all caution in efforts to safeguard life and property during this time.
Winds: Light to Gentle Easterly breeze.
Sunday: Partly cloudy to cloudy skies with no significant rainfall in the early morning. For the remainder of the forecast period, except for scattered showers, mostly sunny skies are expected to dominate. **Rainfall ranges from 0 and 10mm.**
Monday through Thursday: Mostly fair and sunny skies are expected to be interrupted by periods of cloudiness with scattered showers in coastal areas in the morning and the other areas in the remainder of the forecast period. **Rainfall ranges from 0 and 15mm.**
