SEVERE WEATHER WARNINGS: In areas of thundershowers, lightning strikes and heavy winds may be observed.

MARINE ADVISORY: Long-period and high-energy waves coupled with spring tides will likely result in overtopping and damage to river and sea defences in vulnerable areas. Persons residing in riverine and low-lying areas are asked to be alert and exercise all caution in efforts to safeguard life and property during this time.

SPRING TIDE ADVISORY: Persons are advised that the spring tide Advisory will become effective from tomorrow morning and will continue until Saturday, October 11, 2025.

Weather Brief for Monday, 06 October 2025 from the Hydrometeorological Service, Guyana.
